Sophyto Organics Product Line

Sophyto Organics - Deep Pore Cleanser

Product ID: 26300

A totally natural solution compared to harsh glycolic and other hydroxy acids, this instant foaming cleanser transforms into a delicate, creamy mousse to help gently dissolve and lift surface debris and airborne pollutants. Bio-compatible fruit acids and enzymes derived from complete, whole food nutrients help to gently loosen the bond of dead skin cells to accelerate dermal regeneration resulting in a fresher, healthier complexion. A perfect cleanser to prep the skin for the penetration of bioactive ingredients present in all Sophyto products.

key benefits

- ideal for all skin types, particularly beneficial for mature complexions to assist with dermal regeneration
- complementary in a regimen for overly oily and impure skin complexions
- will impart a comfortable and refreshing feeling to the complexion
- has a delicate aroma of apples
- does not contain essential oils, or essential oil components
- pH 5 for normal skin range
- 95% of this product contains agricultural ingredients that have been produced organically

Retail Price: \$30.00

Usage:

massage foam over face neck and décolleté, avoiding the sensitive eye area. Remove using a clean cleansing pad soaked in Super Bioactive and wipe skin thoroughly.

Sophyto Organics - Mega Omegas Day Face Moisturiser

Product ID: 26305

A lightweight corrective and protective hydrating daily moisturizer. Imparts optimum levels of organically derived essential fatty acids to help restore moisture, elasticity and tone to the epidermis. Helps support skins natural barrier function providing long-lasting hydration from damaging environmental aggressors. This luxurious formula also serves as a hydrating primer before mineral or liquid make up application.

key benefits

- contains polyunsaturated fatty Acids (PUFAs), omega-3, omega-6, omega-9, linoleic acid and gamma linoleic acid (GLA)
- skin will feel more toned looking
- blends quickly into skin without a trace of oiliness leaving skin with a satin finish
- beneficial for inflamed, or sensitive skin following; laser resurfacing, microdermabrasion, chemical peels and sun burn
- boosts natural moisture retention capacity
- optimal benefits to enhance elasticity and skin integrity
- anti-inflammatory properties of essential fatty acids aid irritated conditions
- unfragranced
- does not contain essential oils, or essential oil components
- pH 5 for normal skin range
- 90% of this product contains agricultural ingredients that have been produced organically

Retail Price: \$45.00

Usage:

on cleansed skin, apply Polyphenol Skin Drops and/or Skin Energising High Potency Concentrate, then feather in Mega Omegas Day Face, or as directed by physician.

Sophyto Organics - Normalising Day Face Moisturiser

Product ID: 26304

Based upon traditional ayurveda, this nourishing and hydrating moisturizer contains adaptogenic herbs to support and strengthen the skin from daily stresses of life. Exceptional high percentages of nurturing and restorative properties help ease and correct the ravages of prolonged stress and compromised skin immunity. This luxurious formula also serves as a hydrating primer before mineral or liquid make up application, leaving skin soft and supple with a temporary lifting, toning effect.

key benefits

- suitable for skin types that are imbalanced
- beneficial for inflamed, or sensitive skin following; laser resurfacing, microdermabrasion, chemical peels and sun burn
- will boost skin vitality restoring suppleness and softness
- gently smooths and firms the dermis
- blends quickly into skin without a trace of oiliness leaving skin with a satin finish
- unfragranced
- does not contain essential oils, or essential oil components
- pH 5 for normal skin range
- 90% of this product contains agricultural ingredients that have been produced organically

Our Price: \$40.50

Usage:

on cleansed skin, apply Polyphenol Skin Drops and/or Skin Energising High Potency Concentrate, then feather in Normalising Day Face, or as directed by physician.

Sophyto Organics - Polyphenol Skin Drops

Product ID: 26306

The organic polyphenol compounds selected for this ultra-light serum are derived from olive leaf extract, apples, green and white tea's and fermented red grapes. Extremely gentle and non-irritating, safe for even the most delicate skin. Daily use will help supplement natural antioxidant protection in the skin, whilst also providing long term benefits as oxidative stress can deplete the skin's natural reserves. Each box contains 15 x 5 ml individually sealed mono doses that keep out air and bacteria for optimum freshness.

key benefits

- formulated for all skin types to protect against airborne pollutants
- combine with your sunscreen to boost antioxidant protection
- beneficial for inflamed, or sensitive skin following; laser resurfacing, microdermabrasion, chemical peels, chemotherapy, radiation and sun burn
- topical application of antioxidants benefit the skin directly
- will enhance the appearance of a healthier, more radiant complexion
- optimal benefits to enhance a lustrous glow to the skin
- has a soft aroma of apples and tea
- does not contain essential oils, or essential oil components
- pH 4.8 for normal skin range
- 96% of this product contains agricultural ingredients that have been produced organically.

Retail Price: \$75.00

Our Price: \$67.50

Usage:

on clean skin apply 1 mono dose each morning to cleansed face, eye area, neck and décolleté, or as directed by a physician. Follow with Skin Energising High Potency Concentrate, then feather in Mega Omegas, or Normalising Day Face Moisturiser, or as directed by physician. Include an evening application if you smoke, or are exposed to free radicals on a regular basis.

Sophyto Organics - Purify & Energise Super Bioactives

Product ID: 26303

Invigorating healthy plant nutrients impart adaptogenic and regenerative qualities to help restore congested, sluggish and under active complexions. Super Bioactive finalizes the cleansing process which pre-conditions skin to accept treatment based products. If the water in your area contains high levels of chlorine, or other impurities, use Super Bioactive in its place. Chlorine plays havoc with our skin because it causes oxidative damage and chemically bonds with the protein in our bodies, which disrupts the skins natural protective barrier.

key benefits

- ideal for all skin types, particularly sluggish, under active complexions
- beneficial for inflamed, or sensitive skin following; laser resurfacing, microdermabrasion, chemical peels, chemotherapy and radiation
- will impart a comfortable and refreshing feeling to the complexion
- a rich source of organic bioactive phyto-nutrients including vitamins A, B1, B2, B6, B12, C
- a versatile formula that can help address a multitude of skin issues
- the natural scent of botanical aromatics prevails
- does not contain essential oils, or essential oil components
- pH 4.6 for normal skin range
- 99% of this product contains agricultural ingredients that have been produced organically

Retail Price: \$35.00

Our Price: \$31.50

Usage:

apply to cleansed skin with cotton pad morning and night. Follow with Polyphenol Skin Drops and/or Skin Energising High Potency Concentrate, then feather in Mega Omegas, or Normalising Day Face Moisturiser, or as directed by physician.

Sophyto Organics - Purifying Active Mask

Product ID: 26309

Marine-rich bio-peptides, amino acids, proteins and vitamins derived from green single-cell freshwater micro-algae neutralize the damaging effects of environmental and lifestyle pollutants, to give skin a fresher appearance. A lightweight silken gel that can be used daily dependent upon exposure to environmental and lifestyle pollutants. Sterile, single dose sachets offer a system that encapsulates bio-active ingredients making it convenient for travel and dosage.

key benefits

- suitable for all skin types, particularly dull and impure
- helps draw out impurities without drying the epidermis
- helps reduce pore size, improves elasticity and suppleness
- will kick-start sluggish skin conditions
- unfragranced
- does not contain essential oils, or essential oil components
- pH 4.7 for normal skin range
- 94% of this product contains agricultural ingredients that have been produced organically

Retail Price: \$40.00

Our Price: \$36.00

Usage:

apply to cleansed skin lightly massaging over face, neck and décolleté. Remove using a cleansing pad soaked in Super Bioactive and wipe skin thoroughly. For enhanced results leave on skin for up to 5 minutes then remove. Immediately follow with Polyphenol Skin Drops followed by Skin Energising High Potency Concentrate, then feather in Mega Omegas, or Normalising Day Face Moisturiser, or as directed by physician. Advisable for daily use dependent upon exposure to environmental and lifestyle pollutants. Warning: if irritation occurs, please discontinue use.

Sophyto Organics - Refining Active Mask

Product ID: 26308

A totally natural solution to harsh chemical peels. This non-abrasive exfoliant is designed to reduce surface build-up and dullness by softening and breaking down the connecting structure that holds dead skin cells together. Multi benefits from precious amethyst powder, acerola cherry and organic pineapple enzymes effectively dissolve dead skin cells and impurities with little or no irritation. A lightweight bio-compatible formula that offers progressive as opposed to aggressive results. Sterile, single dose sachets offer a system that encapsulates active ingredients making it convenient for travel and dosage.

key benefits

- suitable for all skin types to promote healthy cell exfoliation
- reduces the appearance of dullness and wrinkles, whilst moisturizing and retexturing skin
- complexion will feel softer with improved tone
- unfragranced
- does not contain essential oils, or essential oil components
- pH 4.7 for normal skin range
- 93% of this product contains agricultural ingredients that have been produced organically.

Retail Price: \$40.00

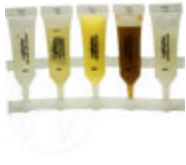

Our Price: \$36.00

Usage:

apply to cleansed skin working in small circular motions over face, lips, neck and décolleté, carefully avoiding eye area. Remove using a cleansing pad soaked in Super Bioactive and wipe skin thoroughly. For enhanced results leave on skin for up to 5 minutes then remove. Immediately follow with Polyphenol Skin Drops and/or Skin Energising High Potency Concentrate, then feather in Mega Omegas, or Normalising Day Face Moisturiser, or as directed by physician. This formula can be used each day if desired, however for sensitive skin use once a week, or as directed by Physician. Warning: if irritation occurs, please discontinue use.

Retail Price: \$95.00

Our Price: \$85.50

Usage:

use after cleansing. Apply 1 mono dose morning and night smoothing it over the entire face, neck and décolleté, or as directed by a physician.

Sophyto Organics - Tone & Balance Super Bioactives

Product ID: 26302

Restorative plant extracts help neutralize impurities and assist with overactive sebaceous activity without affecting skin-friendly flora. Super Bioactive finalizes the cleansing process which pre-conditions skin to accept treatment based products. If the water in your area contains high levels of chlorine, or other impurities, use Super Bioactive in its place. Chlorine plays havoc with our skin because it causes oxidative damage and chemically bonds with the protein in our bodies, which disrupts the skins natural protective barrier.

key benefits

- an active dermal tonic for all skin types, particularly combination and overly oily complexions
- beneficial for inflamed, or sensitive skin following; laser resurfacing, microdermabrasion, chemical peels, chemotherapy and radiation
- will impart a comfortable and refreshing feeling to the complexion
- a rich source of organic bioactive phyto-nutrients including vitamins A, B1, B2, B6, B12, C
- a versatile formula that can help address a multitude of skin issues
- the natural scent of botanical aromatics prevails
- does not contain essential oils, or essential oil components
- pH 4.6 for normal skin range
- 99% of this product contains agricultural ingredients that have been produced organically

Retail Price: \$35.00

Our Price: \$31.50

Usage:

apply to cleansed skin with cotton pad morning and night. Follow with Polyphenol Skin Drops and/or Skin Energising High Potency Concentrate, then feather in Mega Omegas, or Normalising Day Face Moisturiser, or as directed by physician.
